EXPERIENCE

- Aug, 2022 **CLOUD PROJECT | SERVERLESS ONLINE VOTING APPLICATION** ♡ **AWS Cloud**
- Used AWS Cloud Platform to launch this application.
 - Used AWS Services like API GATEWAY, LAMBDA, S3 AND DYNAMODB.
- June, 2022 **SKILL DEVELOPMENT PROJECT (SDP) | Web Application** ♡ **Spring Boot**
- Role - Backend Developer.
 - We as a team of 3 have designed a Web application where one can read about Indian Constitution using Spring boot technology and MySQL db.
 - How is our project different from others - We have included a quiz module where one can read the information about the Indian Constitution and can answer the questions so that they can earn some points which makes this web application more interesting.
- March, 2022 **INTERNSHIP | AICTE** ♡ **AWS Cloud**
- Done a MINI Project where I have created a Serverless chat bot by using Amazon Lex service and connected it with Facebook Page.
 - As part of this Internship I have completed many experiments on different AWS Services like S3, Dynamo DB, EC2, LAMBDA, API Gateway, IAM etc..
- Jan, 2022 **DevOps Project | Online Chess Application** ♡ **Microsoft Azure Cloud**
- Used DevOps tools to code, build, test and deploy my chess application.
 - Used tools like Git, Jenkins, Docker, Microsoft Azure for pipelining.
- 2019 - 2022 **GLOBAL CERTIFICATIONS | Completed** ♡ **KL University**
- SERVICENOW CERTIFIED - System Administrator.
 - MICROSOFT CERTIFIED - AZ-900, AZ-204, AZ-400.
 - ORACLE CERTIFIED - OCI Foundations 2021 Associate [1Z0-1085-21].
